Invitation to '2013 Workshop on Waste Policy Implementation', 30-31 May, Copenhagen

Dear NFPs,

We are pleased to invite you to nominate NRC Waste experts for the 'Workshop on Waste Policy Implementation' that will be held at the premises of the European Environment Agency (EEA) in Copenhagen, Denmark on 30 and 31 May 2013. The workshop is organised by the European Topic Centre on Sustainable Consumption and Production (ETC/SCP) on behalf of EEA under the project 'Enhancing cooperation on waste policies with the West Balkan countries'. A draft programme is enclosed.

The key objectives of the workshop are:

- To discuss the core elements in waste policy implementation,
- To exchange experiences on the implementation of waste management plans,
- To discuss different waste treatment options and methods to plan waste treatment capacities,
- To build capacity in use of indicators and target setting for waste management,
- To strengthen the Eionet network and cooperation between the waste experts from the West Balkan countries and EEA.

The project will cover travel and accommodation expenses for two waste experts with experience in waste policy implementation, indicators and waste treatment from each country. We attach application for reimbursement of expenses, EEA guidelines for reimbursement, list of suggested hotels in Copenhagen as well as registration form for the meeting. Please fill in attached registration form and send it to Mia Farré Jensen mifje@etc.mim.dk by 6 May 2013.

Please note that we do not use Seneca travel booking for this workshop. Participants are required to book travel and accommodation on their own behalf.

Please note that preparatory material for the workshop will be distributed shortly.

We hope you will be able to participate in the workshop and we look forward to hearing from you.

Yours sincerely,

Birgitte Kjær
Project manager, ETC/SCP

Jasmina Bogdanovic
Project manager, EEA
