

EEA CARDS AE project 2007-2008
Regional Air Emissions workshop to support West Balkan countries
in setting up national level reporting of AE
21. – 23. October 2008

Hotel Moskva in Belgrade, Serbia

The workshop is organized by ETC ACC (Umweltbundesamt) under EEA project CARDS AE and in cooperation with Ministry for the Environment, Land and Sea Republic of Italy - Task Force for Central and Eastern Europe" and with support of Serbian Environmental Protection Agency Ministry of Environment and Spatial Planning

Main Objective of the Workshop

The main objective of the workshop is to strengthen the cooperation between EEA and the six WB countries by further developing EIONET and integrating these countries in all main EEA activities, aiming at preparation for future EEA membership. To increase sustainability of the reporting, the WB countries are encouraged to document the national inventory systems. The next objective is to provide expertise and training to the WB countries to allow the national experts to compile, collect and upload national data on emissions and air quality in EEA's priority data flows.
