

Eionet webinars on resource
efficiency policies and instruments

**RMC and towards a
European target for
resource productivity**

5 December 2014, 11:30-13:00 CET

Participants today

50 participants from
22 countries:

- Austria
- Belgium
- Bosnia-Herzegovina
- Bulgaria
- Czech Republic
- Cyprus
- Denmark
- Estonia
- Finland
- France
- Germany
- Hungary
- Italy
- Macedonia
- Poland
- Portugal
- Serbia
- Slovakia
- Slovenia
- Spain
- Sweden
- United Kingdom

We welcome colleagues from
UNEP Paris, the IRP Secretariat

Eionet webinars on resource efficiency

- Jointly organized by the EEA and the ETC/WMGE for the Eionet network
- Supporting exchange of information and sharing of experience among policymakers.
- Main objectives are to keep countries informed about upcoming EU policy initiatives
- as well as to provide a forum where countries themselves can present national examples of RE policy initiatives

European Topic Centre on Waste and Materials in a Green Economy (ETC-WMGE) – since July 2014

World Spotlight

ETC-WMGE – Research topics

- Waste management
- Waste prevention
- Chemicals and waste
- Materials resource efficiency
- Sectoral integration and circular economy
- Sustainable consumption and products

Our speakers:

Dr. Werner Bosmans, DG Environment, European Commission

Werner Bosmans, a Belgian national, first graduated as a Bio-engineer at the University of Ghent, Belgium, and then did a Ph.D. in international economics in Montpellier, France. He was the assistant to the Secretary-General of the Belgian and then Flemish Ministry of Agriculture before joining the Directorate-General Environment of the European Commission in 2005 where he is responsible for Resource Efficiency policies.

Mr. Stephan Moll, Eurostat

Stephan Moll is working in Eurostat's unit E.2 'Environmental statistics and accounts; sustainable development' He is leading the team on 'physical environmental accounts and water statistics;' Beside others he is in charge of Eurostat's data collection related to economy-wide material flows. Prior to joining Eurostat, Stephan worked at the Wuppertal Institute, and the European Environment Agency.

Mr. Harry Lehmann, UBA Germany

Dr. Harry Lehmann is head of the division "Environmental Planning and Sustainable Strategies" at the German Federal Environment Agency. After doctorate in physics, he founded Engineering Consultancy "UHL Data." Between 1991 and 2000 he was at the Wuppertal Institute for Climate, Environment and Energy. After that Harry was Director of the Institute for Sustainable Solutions and Innovations, as well as Director of Greenpeace International "Solutions Unit". He was an early member of the Factor 10 Club for resource productivity and sustainable use of natural resources and is currently its president. Since 2011 he is executive Chairman of the World Renewable Energy Council.

Presentations today:

Policy update from the European Commission: recent initiatives and upcoming work on resource efficiency and circular economy

by Dr. Werner Bosmans, DG Environment

Raw Material Consumption – Eurostat’s work on a new indicator to measure resource productivity

by Mr. Stephan Moll, Eurostat

National experience with using raw materials equivalent and RMC in Germany

by Dr. Harry Lehman, German Federal Environment Agency

Webinars on resource efficiency Zip download

During the 2011 Eionet workshop on SCP and resource efficiency, several countries requested to complement the annual Eionet workshops with other, more regular, forms of interaction. One specific suggestion was to organize webinars, i.e., short internet-based seminars.

Developed as a joint effort by the Eionet, EEA, and ETC, the work on a series of webinars on resource efficiency was initiated in 2012. To date, webinars have been held on:

- national RE policies and good practice cases;
- objectives, targets and indicators for resource efficiency;
- industrial symbiosis;
- circular economy.

Documents from each webinar (background paper, presentations, participants list) as well as a video recordings of the webinars are available in the folders below.

The next webinar, on RMC and a European target for resource efficiency, will take place on 5 December 2014.

If you have any comments or suggestions concerning webinars, please contact Pawel Kazmierczyk (pawel.kazmierczyk@eea.europa.eu) tel +45 333 67 122

Next steps

- Next “regular” Resource Efficiency webinar in the Spring 2015
- A surprise event in January 2015 !
- If you have comments or suggestions concerning today’s (and future) webinar, let us know by email

Thank you!

Arkaitz, Francesca, Jasmina, Marco, Nora and Pawel
