

Species name: **Discoglossus pictus**
Annex: **IV**

Species group: **Amphibians & Reptiles**
Regions: **MED**

Assessments of conservation status at the European level (all biogeographical regions - EU25)

MS	Region	Conservation status assessment					Population size & unit	Population Trend
		Range	Population	Habitat	Future prospects	Overall		
EU25	MED							

The painted frog is recorded in Mediterranean region from Spain, Italy and Malta. It is also known from North Africa. It is impossible to make an overall assessment for the biogeographical region although it is unlikely to be favourable. Both Italian and Maltese reports are 'unfavourable-inadequate'. Better information required, particularly from Spain. According to IUCN the species is considered as 'least concern'.

Assessments of conservation status as reported by Member states (all biogeographical regions - EU25)

MS	Region	Conservation status assessment					Size&unit	Population trend	Data quality
		Range	Population	Habitat	Future prospects	Overall			
ES	MED						N/A x	N/A	
IT	MED						129 - 130 grids	-	1
MT	MED						(313) - 313 area	-	2

Data quality is based on as assessment by each Member State, 1 = good, 2 = medium, 3 = poor

This information is derived from the Member State national reports submitted to the European Commission under Article 17 of the Habitats Directive in 2007 and covering the period 2001-2006. More detailed information is available at <http://biodiversity.eionet.europa.eu/article17>
