

Species name: **Paeonia parnassica**  
Annex: **II, IV**

Species group: **Plants**  
Regions: **MED**

## Assessments of conservation status at the European level (all biogeographical regions - EU25)

| MS   | Region | Conservation status assessment |            |         |                  |         | Population size & unit | Population Trend |
|------|--------|--------------------------------|------------|---------|------------------|---------|------------------------|------------------|
|      |        | Range                          | Population | Habitat | Future prospects | Overall |                        |                  |
| EU25 | MED    |                                |            |         |                  |         |                        | X                |

MED: Endemic to Mts Parnassos & Elikon, Greece Little information reported by Greece with 3 parameters 'unknown', and regional assesment based only on future prospects Threatened by collecting Better information required

**Assessments of conservation status as reported by Member states  
(all biogeographical regions - EU25)**

| MS | Region | Conservation status assessment |            |         |                  |         | Size&unit | Population trend | Data quality |
|----|--------|--------------------------------|------------|---------|------------------|---------|-----------|------------------|--------------|
|    |        | Range                          | Population | Habitat | Future prospects | Overall |           |                  |              |
| EL | MED    |                                |            |         |                  |         | N/A x     | X                |              |

Data quality is based on as assessment by each Member State, 1 = good, 2 = medium, 3 = poor

This information is derived from the Member State national reports submitted to the European Commission under Article 17 of the Habitats Directive in 2007 and covering the period 2001-2006. More detailed information is available at <http://biodiversity.eionet.europa.eu/article17>
