Article 17 Consultation Tool

Welcome to the Consultation Tool on biogeographical assessment reported by Member States according to the provisions of Article 17 of the Habitats Directive.

According to the provisions of Article 17 of the Habitats Directive the species and habitats listed in the annexes of the Directive, ETC/BD are available for public view and consultation through this tool in order to view the data or to comment on MS or European biogeographical assessment notes.

Regional assessments in all biogeographical regions:

- Species
- Habitat types

MS data and regional assessment for each species/habitat

- Species
- Habitat types

MS Reports:

- Species
- Habitat types
- National Summaries (statistics)
- Checklists

ETC/BD progress of work

Article 17 management:

- Test query
- Upload SQL script
- Manage users

Stakeholders comments:

- Species
- Habitat types

The assessments were opened for consultation from 28 July until 15 September. The comments are currently in the process of being evaluated. All comments are available for public view.

Main statistics

**During the consultation period
1,994 visitors from 700 network locations
spent in total 730 hours visiting the site**

3,916 Visits

8.25 Pages/Visit

32,321 Pageviews

00:11:36 Avg. Time on Site

Geographical distribution of the visitors

Country/Territory	Visits	Pages/Visit
Germany	728	11.57
Poland	328	4.55
Portugal	271	5.57
Austria	255	8.39
United Kingdom	254	4.27
Finland	209	8.04
Netherlands	196	9.39
Greece	188	3.16
France	158	20.30
Sweden	150	4.20

City	Visits	Pages/Visit
London	168	3.85
Vienna	153	9.45
Frankfurt am Main	144	12.54
Bonn	143	11.52
Athens	134	3.28
Helsinki	132	8.36
Paris	119	25.20
Copenhagen	106	5.48
(not set)	97	5.32
Lisbon	96	4.98

Users registered in the web tool

170 registered users:

- 18 ETC/BD
- 48 National Data Coordinators
- 104 other stakeholders:
 - 16 stakeholders from DE
 - 9 from FI
 - 8 from AT, NL & PT
 - 7 from UK
 - 6 from IT
 - 5 from BE, EL & PL
 - 3 from CY, ES, EU & SK
 - 2 from CZ, LT, LU, LV & SE
 - 1 from EE, FR, HU, MT & HR

Main visitors of the site coming from known networks

Institution:	Visits

Comments and correction of data

- 36 MS requests to correct their species data, 34 performed (not possible to update maps)
- 14 MS requests to correct their habitat data, 11 performed (not possible to update maps)

- 195 Comments for species
- 184 Comments for habitats

- **25%** of comments addressed the regional assessment performed by ETC/BD
- **75%** of comments addressed the MS assessments performed by countries

- 5% of comments were taken on board by changing the regional assessment
- 70% of comments were integrated in the "Data Sheet Info"
- 25% of comments were not relevant and reason provided

Users commenting in the web tool

4 MS National Data Coordinators:

- DE: 33 species / 23 habitats (only comments)
- FI: 6 species / 3 habitats (only corrections)
- HU: 3 species / 1 habitat (only corrections)
- SK: 1 species (only corrections)

Users commenting in the web tool

20 stakeholders from 10 MS provided comments:

- 2 from CY: 64 species / 38 habitats
(Federation of Env. NGOs, Game and Fauna Service)
- 1 from PL: 44 species / 35 habitats (Naturalist Club)
- 2 from NL: 1 species / 44 habitats
(Naturmonumenten, Staatsbosbeheer)
- 5 from DE: 10 species / 21 habitats
(mostly BfN, others 1 comment each)
- 1 from SE: 9 species (Swedish Hunters' Association)
- 2 from UK: 8 species (Buglife, Herpetological Conserv. Trust)
- 2 from FI: 6 species / 1 habitats
(FI Ass. for Nat. Cons., Univ. Helsinki)
- 1 from EE: 6 habitats (Estonian Fund for Nature)
- 3 from AT: 5 species / 1 habitat
(Natural History Museum, Vienna; Alka Kranz)
- 1 from IT: 1 species (Lutria snc)
