Standard DBL rate Bed and Breakfast	204	1515

This hotel program, negotiated by the EEA's travel agent, BCD Travel, can also be used by visitors to the EEA who book and pay for their own accommodation.

In order to make use of it, please contact the hotel directly and ask them to book a room at the corporate rates for the EEA. None of the hotels require any codes; you simply need to request the EEA rates as a visitor to the Agency. Travellers will need to settle all expenses directly with the hotel and may need to pay in advance with their credit card.

Rooms are subject to availability and hotels do reserve the right when giving favourable corporate rates, to exclude certain peak demand days during the year. As part of their negotiations, BCD Travel has restricted these "black-out" days to a minimum.
