

# Improving the reporting of emissions to water

WG Chemicals Sub-group, 8<sup>th</sup> June 2021

- CIS collaborative task to improve reporting
- Zero Pollution – important to have a baseline...
- Outputs aimed to help the work of ourselves and others
- CIS mandate and ETC contract end this year

# Finalising the project - timeline

# To reflect upon...

- Should there be further work on reporting of emissions to water under the CIS in next period (2022-24)?

# OR: Finalising the project

Thanks for your contributions and effort  
towards this activity
